

# Silent-Cleaner

## SC60-50SG Specifications

2026/07/29

| Item                  | Contents                                                                     |
|-----------------------|------------------------------------------------------------------------------|
| ① Silencer            | <b>Outer: Stainless steel (SUS304) / Inner: White cloth (PP), Glass wool</b> |
| ② Hose connection     | 3/4" ball valve with 3/4" hose joint                                         |
| ③ Silent-Cleaner body | <b>Aluminum alloy casting (AC4B) with melamine resin baking finish</b>       |
| ④ Hose                | Transparent PVC (ID $\phi 50 \times 2000\text{mm}$ )                         |
| ⑤ Draw latch          | Iron (Chrome plating) Rivet (Aluminum)                                       |
| ⑥ Suction pipe        | Aluminum (OD $\phi 50 \times 700\text{mm}$ )                                 |
| ⑦ Tank                | 60L Stainless steel (SUS304)                                                 |
| ⑧ Stand               | Iron (Chrome plating)                                                        |
| ⑨ Casters             | 2 rubber casters / 1 conductive caster with brake                            |
| O-ring                | NBR                                                                          |
|                       |                                                                              |
| Air pressure          | 0.5 to 0.6 MPa (5 to 6 kg/cm <sup>2</sup> )                                  |
| Suction pressure      | -0.0386 to -0.0451 MPa (3,936 to 4,599 mmAq)                                 |
| Air consumption       | 1,779 to 2,075 L/min Normal                                                  |
|                       |                                                                              |
|                       |                                                                              |
